

## The Hong Kong Audit Committee Institute

### Communicating with Audit Committees

Wholly sponsored by KPMG Hong Kong, the Hong Kong Audit Committee Institute (“HKACI” or “the Institute”) provides knowledge and increases awareness for corporate audit committee members in Hong Kong and the People’s Republic of China (“PRC”) who need to keep up with their demanding responsibilities. Board members can turn to the Institute at any time for information or to share knowledge.

The HKACI serves as a highly useful, informative resource for audit committee members by:

- providing timely information on audit committee governance, and technical and regulatory issues;
- acting as a sounding board for enhancing audit committees’ processes and policies; and
- conducting surveys of trends and concerns.

### A Proactive Approach Emphasizing Frequent Communication

The HKACI communicates directly with audit committee members and supports KPMG engagement teams by monitoring corporate governance issues on a worldwide basis.

The Institute has developed a range of tools to assist audit committee members in meeting their financial reporting oversight role. These tools include:

- Hong Kong ACI Web site: <http://aci.kpmg.com.hk>
- e-mail ([hkaci@kpmg.com.hk](mailto:hkaci@kpmg.com.hk))
- regulatory analysis and “hot topic” mailings
- focused presentations
- periodic roundtables

---

The HKACI will also continue to issue publications designed to enhance the timeliness of knowledge sharing with audit committee members:

- Audit Committee Update – a periodic summary of

current issues, ideas and analysis to assist audit committees

- Analyses of the New Audit Committee Regulations
- Audit Committee Charter Toolkit
- Audit Committee Best Practices
- Audit Committee Surveys

Please send an e-mail request to [hkaci@kpmg.com.hk](mailto:hkaci@kpmg.com.hk) with your name, address, telephone and fax numbers if you would like to receive Audit Committee Update electronically.

---

### **Experienced Professionals Ready to Serve You**
